Dear Patients,

It has been my honor and privilege to be your dentist, and I have sincerely appreciated your confidence and trust in allowing me to care for your dental health. After 30+ years of practicing dentistry, I have decided to step aside and allow another dentist to continue to provide the compassionate care and clinical excellence to which you are accustomed.

I am happy to announce that Dr. Amirsaba Motamedi has joined our practice and will be available to care for your dental needs in the future. He earned his Doctor of Dental Surgery degree from University of Maryland, practiced dentistry in Pennsylvania for years before he moved to Florida with his wife a few months ago. Dr. Mot takes pride in not only quality dental services that stand the test of time, but he also is committed to virtues and values that are more important than ever today. Dr. Mot does all things dentistry including extractions, root canals, crown and veneer as well as routine preventative and restorative procedures.

I have been impressed with Dr. Mot's use of both "tried and true" clinical methods, along with the integration of state-of-the-art technology and treatment planning. Dr. Mot's philosophical approach and caring manner are closely aligned with how I have practiced dentistry throughout my career. With Dr. Mot's experience and education, I assure you that he will carry on my legacy of providing dental care in the highest professional manner.

I am committed to facilitating a smooth transition for Dr. Mot and I will be at the practice for some time finishing cases and making introductions most Wednesdays. Dr. Mot and I have worked hard behind the scenes to make this transition seamless and having confidence in my successor has made the process that much easier. Remember, the absolute best hygienists and dental support team in the business – Zoila, Ruby, Justine, and Isabel - will continue to serve you.

I have always strived to provide you with the best care I could possibly deliver in a warm, caring, family-like atmosphere. I am delighted you will continue to receive the same from Dr. Mot and our friendly and caring staff.

Please be advised that, starting 12/01/2026, we will not bill any insurance companies on behalf of our patients as an independent provider. However, we will prepare and provide the proper paperwork for you to submit to your PPO insurance for re-imbursement of up to 100% of the fees directly to yourself from your insurance provider. We have also lowered our fees significantly for most services to remove any barrier to quality dental care. Please call the office to inquire the new fees.

My gratitude and best wishes go out to you all.
Sincerely,
Linda M. Soper-Maier Richardson, DDS
